Since its opening in theaters, Transformers has really impressed audiences around the world. After watching this movie we started to wonder, can our cars be turned into robots and protect the world?. The latest installment of the series, BumbleBee, also achieved very high revenue. If you're wondering why I mentioned this transformation robot movie, the answer is that it's related to the game I'm about to introduce you to. Is Angry Birds Transformers MOD APK (Unlimited Money), the latest game publisher Rovio.Content [ShowHide] Angry Birds and Transformers, we would think that it has nothing to do with each other. Angry Birds are beautiful birds living on tropical islands, while Transformers are giant robots from space. But with the great creativity of developer Rovio, they brought us a very interesting game, the perfect combination between Angry Birds and Transformers.Not a match-3 puzzle game, nor a trajectory shooter, Angry Birds Transformers is an arcade and action arcade game. The game of this game is similar to Jetpack Joyride. You will control angry birds running through the screen, collecting gold and shooting blue pigs flying on the left side of the character. Transport. They are not small and cute Angry Birds anymore. From now on, they're AUTOBIRDS, birds that can turn into a car or helicopter with advanced weapons. However, AUTOBIRDS cannot protect Piggy Island themselves. To stop Eggbot, they must have argued with their enemy, with one fingerTo the right. You can play Angry Birds Transformers with just one finger. AUTOBIRDS automatically moves forward, all you need to do is touch enemies, towers and enemy fortresses to attack. Watch out for some stone towers. It'll fall on you when you get through it. Quickly touch the transform button to turn it into a car or plane to increase your speed. Remember that AUTOBIRDS comes in two forms, a robot and a vehicle. And you can only attack when in the form of a robot. Overcoming all obstacles in the stage, you will advance to the next level. And you will count as defeated when your character is out of blood (marked with a heart symbol). Meet your favorite charactersAs Angry Birds game combined with Transformers, of course, players will be very interested in the character of the system. And great, publisher Rovio was very good at this. While playing Angry Birds Transformers, you will meet famous characters from the Transformers series such as Optimus Prime and Bumble bee in the shape of cute Angry Birds (Red, Chuck and Bomb). Even decepticons appear with the shape of blue pigs. You can unlock cute and cool characters. Each character takes the shape of a robot and has the ability to transform into another vehicle such as motorcycles, cars, trucks, planes and more. The collection of characters in the game helps to strengthen your team. You will continue to upgrade the characters, upgrade weapons to have enough energy to overcome the difficult levels. There are two ways to upgrade your figure using gold or diamonds. Gold is a currency you can get on an adventure, but you have to wait a while (from a few minutes to a few hours). If you are not a patient person, consider using diamonds to complete the update process immediately. Some interesting modesThere are many things you can do in this game. Angry Birds Transformers brings players some very interesting modes. In addition to the default mode, you can try your best in Endless Run mode. Here you will experience all the characters you have. If one Autobird dies, another will appear and continue the battle. In addition, you can customize autobird by releasing hats, armor or changing colors for robots. Create unique robots with your creativity. The game has many other modes and interesting features waiting for you. Don't miss this thing! GraphicsIn design, Angry Birds Transformers has 3D graphics with horizontal views of mobile devices. Sharp 3D graphics with lots of different countries on your way. You will discover beautiful beaches, deserts, rainforests, caves or snowy mountains. Although this is an action game, the design of the characters, the way they fight is very cute and fun. Therefore, the game is easy to suit all viewers, including children. MOD APK version of Angry Birds TransformersAs I reached level 30, which gradually became more difficult. Eggbot has a very strong firepower, and they have a lot of stone towers. You need to constantly transform into and can't attack them. Our Angry Birds Transformers MOD gives you a lot of money and diamonds. You can upgrade and unlock new characters. With upgraded forces, you can easily defeat all enemies and overcome difficult levels. Download Angry Birds Transformers MOD APK for AndroidI think Angry Birds Transformers is a new and very fun Angry Birds game. Because each level only lasts about 2 minutes, you can play this game for hours, but you can also play when you only have 5 minutes of free time. Forget sling, let them experience modern weapons in this unique Angry Birds game. Don't forget to leave a comment below the article if you like it. that.'
